

## Appendix 1 – Approved LAS Ambulance Station Codes and Suffixes

Some ambulance stations may be temporarily or permanently closed, however their suffixes may still be in use for call-signs.

| Call-sign Prefix | Station Name       | Call-sign Prefix | Station Name           | Call-sign Prefix | Station Name   |
|------------------|--------------------|------------------|------------------------|------------------|----------------|
| A1               | Feltham            | F1               | Westminster            | L1               | Barnehurst     |
| A2               | Isleworth          | F2               | Fulham                 | L2               | Greenwich      |
| A3               | Twickenham         | G1               | Islington              | L3               | Mottingham     |
| A4               | Heathrow Airport   | G3               | Homerton               | L4               | St Paul's Cray |
| B1               | Greenford          | G4               | Shoreditch             | L5               | Woolwich       |
| B2               | Hayes              | G5               | Smithfield             | M1               | Bromley        |
| B3               | Hanwell            | H1               | Chase Farm             | M2               | Croydon        |
| B5               | Hillingdon         | H2               | Bounds Green           | M3               | New Addington  |
| B6               | Pinner             | H3               | Edmonton               | M4               | Beckenham      |
| B7               | Ruislip            | H4               | Ponders End            | N1               | Deptford       |
| C1               | Kenton             | H5               | Tottenham              | N3               | Waterloo       |
| C2               | Chiswick           | J1               | Poplar                 | N4               | Lee (closed)   |
| C3               | Brent              | J2               | West Ham               | N6               | Forest Hill    |
| C4               | North Kensington   | J3               | Whipps Cross           | P1               | Coulsdon       |
| C6               | Wembley            | J4               | Walthamstow            | P2               | South Croydon  |
| C8               | Mill Hill          | J5               | Silvertown             | P3               | Streatham      |
| D2               | Barnet             | K1               | Newham                 | Q1               | Battersea      |
| D4               | Friern Barnet      | K2               | Becontree              | Q2               | Brixton        |
| E1               | Bloomsbury         | K3               | Ilford                 | Q3               | Oval           |
| E2               | St John's Wood     | K4               | Romford                | Q4               | Putney         |
| E3               | Camden             | K5               | Homchurch              | R1               | St Helier      |
| Pan-London       |                    |                  |                        | R1               | St Helier      |
| Y1               | HART East          | Y6               | CBRN/SORT Assets       | R3               | Wimbledon      |
| Y2               | HART West          | Y7               | CBRN/SORT Assets       | S1               | New Malden     |
| Y3               | HART East Training | Y8               | EPRR Assets            | S2               | Richmond       |
| Y4               | HART West Training | Y9               | Tactical Response Unit | S3               | Tolworth       |
| Y5               | HART Mutual Aid    | N9               | Clinical Hub           |                  |                |

| Call-sign Suffix | Clinical Skill Level                                                                       | Call-sign Suffix | Clinical Skill Level                                  |
|------------------|--------------------------------------------------------------------------------------------|------------------|-------------------------------------------------------|
| A                | Associate Ambulance Practitioner (AAP) / St. John Ambulance (SJA) non-registered clinician | J                | Advanced Paramedic Practitioner – Urgent Care (APPUC) |
| C                | Paramedic – Cycle Response Unit (CRU) / Motorcycle Response Unit (MRU)                     | L                | Clinical Team Manager (CTM)                           |
| D                | Doctor                                                                                     | M                | Manager – Emergency Medical Technician (EMT)          |
| E                | Paramedic – London's Air Ambulance (LAA) Emeritus                                          | N                | Nurse                                                 |
| F                | Manager – First Person On-Scene (FPOS) / Ambulance First Responder On-Scene (AFROS)        | P                | Manager – Paramedic                                   |
| G                | Paramedic – Event                                                                          | R                | FPOS / AFROS                                          |
| H                | Paramedic                                                                                  | T                | EMT                                                   |
| I                | Advanced Paramedic Practitioner – Critical Care (APCC)                                     |                  |                                                       |

## Appendix 2 – Quick Reference Guide to Call-signs

| OPERATIONAL MANAGERS        |                                      |                                                                     |                                      |
|-----------------------------|--------------------------------------|---------------------------------------------------------------------|--------------------------------------|
| Call-Sign Prefix            | Last Two Digits                      | Resource Type                                                       | Call-sign Examples                   |
| IR                          | 11, 21, 31, etc.<br>12, 22, 32, etc. | Incident Response Officer (IRO)                                     | IR81 (Deptford IRO)                  |
| Group Station Code, e.g. K4 | 90                                   | Hospital Ambulance Liaison Officer (HALO) – planned HALO deployment | K490 (Queen's Hospital Romford HALO) |
| Group Station Code, e.g. C3 | 91                                   | Location Group Manager (LGM)                                        | C391 (LGM Brent)                     |
| Group Station Code, e.g. K1 | 93                                   | Stadia Venue Commander (VC)                                         | K193 (Olympic stadium VC)            |
| Group Station Code, e.g. R1 | 94                                   | Station Support Manager (SSM)                                       | R194 (St Helier SSM)                 |
| Group Station Code, e.g. F2 | 95                                   | Stadia VC                                                           | F295 (Chelsea stadium VC)            |
| Group Station Code, e.g. G3 | 96                                   | Clinical Team Manager (CTM) (non-Operational Commander)             | G396 (Homerton CTM)                  |
| Group Station Code, e.g. M2 | 97                                   | CTM (operational)                                                   | M297 (Croydon CTM)                   |
| Group Station Code, e.g. M1 | 98                                   | CTM (office-based)                                                  | M198 (Bromley CTM)                   |
| EP                          | 01-19                                | EPRO                                                                | EP11                                 |
| Y1 / Y2 / Y6                | 91, 92, 94, 95, 96                   | Incident Support Officer (ISO)                                      | Y294                                 |

| OPERATIONAL / CLINICAL RESOURCES |                  |                                                                |                    |
|----------------------------------|------------------|----------------------------------------------------------------|--------------------|
| Call-Sign Prefix                 | Call-sign Ranges | Resource Type                                                  | Call-sign Examples |
| Ambulance Station Code, e.g. A2  | 01-19            | Double Crewed Ambulance (DCA) (early shift, 06:00-10:59 start) | A201               |
|                                  | 20-29            | DCA (late shift, 11:00-17:59 start)                            | A220               |
|                                  | 30-49            | DCA (night shift, 18:00-05:59 start)                           | A230               |
|                                  | 50-59            | Fast Response Unit (FRU)                                       | A250               |
|                                  | 60-66            | Project/trial/initiative FRU                                   | A266               |
|                                  | 67-69            | Project/trial/initiative DCA                                   | A268               |
|                                  | 70-74            | Stadia ambulance (crowd)                                       | A270               |
|                                  | 75-76            | Stadia ambulance (players)                                     | A275               |
|                                  | 77-79            | Stadia Paramedic (on foot)                                     | A277               |
|                                  | 80-89            | Additional DCA (e.g. overtime, training)                       | A280               |
| ME or MC                         | 01-29            | MRU                                                            | MC04               |
